THE WEEKLY DIGEST

Volume 15 INDIANAPOLIS, INDIANA, JANUARY 25-31, 1948 Number 5

In Two Sections
Section TWO

INDEX TO VOLUME 14

July thru December 1947

How to Use This Index

As you know, items in QUOTE, arranged alphabetically according to subject, are assigned an index number. In our semi-annual index, the first numeral in each reference refers to the issue of QUOTE, the second numeral indicates the location of the item within that issue, according to its index number. Thus: *"Ability—22-1;"* tells you that an item relating to *Ability* will be found in the 22nd issue of this volume of QUOTE under index number 1.

Quotations in the section *May We* QUOTE *You On That?* are also numbered consecutively, but each number is followed by the letter Q. The reference to *"Age—Retirement—22-4Q;"* indicates that a quotation on this subject appears in the 22nd issue, item 4Q, in the *May We Quote . . .* section.

One or more letters, following an issue number, refers to material in regular departments. For example: *"Adaptability—7-GS-d; 15-MM;"* means that references to items on *Adaptability* will be found in the 7th issue, in the *Good Stories section,* under index letter *d,* and also in the 15th issue in the *Mining the Magazines* department. A complete list of department abbreviations follows:
